

TEACH OUR STUDENTS TO ASK THE RIGHT QUESTIONS

Your classroom is the future of our world and we are seeking to appoint ambitious and accomplished academicians as faculty who don't just give the right answers but educate young minds to ask pertinent questions.

SRM University, AP - Amaravati, a multi-stream research university, has forged collaborations with MIT, U.S., for hybrid learning and leveraging MITx courses. It has also collaborated with UC Berkeley, U.S., for design, innovation and entrepreneurship.

These along with other initiatives enable our faculty to teach in a stimulating and inspiring environment with research start-up grants of up to Rs. 50 lakhs for each faculty member, sponsored international conferences, national and international opportunities for collaborative research, balanced teaching hours to focus on research, performance based incentives and IP rights.

Eligibility Criteria:

- Ph.D in the relevant disciplines is mandatory.
- Strong track record of research, high quality publications, design and delivery of academic programs.
- Candidates from IISc, IITs, National Laboratories, foreign nationals and NRIs from reputed international institutions will be given preference.
- For the Chair of Departments role, candidates must have demonstrated academic leadership and the ability to motivate and mentor faculty members.

Remuneration and Benefits:

- From INR 18 to 36 lakhs per annum commensurate with the candidate's experience and achievements.
- Faculty benefits like subsidized accommodation at or near our campus, medical insurance, gratuity and provident fund are also provided.
- Compensation will not be a constraint for outstanding candidates.
